

Call For Paper

The Journal of Iranian Association of Electrical and Electronics Engineers (IAEEE) is a bilingual, English and Persian periodical, which publishes full-length, original contributions describing significant developments in all aspects of electrical and electronics engineering.

Engineering researchers and scientists are invited to submit their manuscripts, prepared in MS Word or PDF format, to editor-in-chief by mail or electronically. The format is exactly the same as the double column IEEE format for transaction papers. The corresponding author's full postal address, e-mail, telephone and fax numbers as well as affiliation must be given on the manuscript.

The board of editors will be pleased to receive contributions from all over the world. After peer review, authors will be informed about the reviewers' comments, if any, and if accepted, instructions for the submission of final manuscript.

*G.B. Gharehpetian, Ph.D.
Editor-in-Chief*
